**ICAA Washburn County Connections Store & More to offer choice food pantry**

**Spooner, WI**—The ICAA Washburn County Connections Store and More is excited to announce that as of Tuesday, November 14, its food pantry will have been converted to a choice pantry. Currently, the food pantry serves its clients by pre-selecting the food that is provided to them. Toni McCutcheon, ICAA Director of Community Services said, “We are thankful for the opportunity to serve the community in this way, but we are excited about this change which will help us to better meet the needs of our clients.”

The entire store and food pantry will undergo remodeling from November 4-12. At the completion of the remodel, the food pantry space will have been moved to a larger portion of the store and will offer clients a choice, allowing them to “shop” the options provided in the pantry rather than having the items pre-selected for them.

The food pantry will be open for regular hours during the remodel. The food pantry operates from 9:00 am to 4:00 pm, Tuesday, Wednesday, and Thursday each week.
