Featuring:

Martin J. Schreiber, former Governor  
and Author of "*My Two Elaines*"  
Speaking at 2:00 p.m.

*My Two Elaines* is a guide for Alzheimer's families and caregivers as well as a love story that spans more than 60 years. Schreiber's wife Elaine was diagnosed with Alzheimer's disease 13 years ago and since then, he has worked tirelessly to be a caregiver and loving spouse to someone who no longer recognizes him. He refers to the woman with whom he fell in love in high school, married, raised a family and ran political campaigns as his first Elaine, and today's sweet, sensitive woman who remembers nothing about their past as his second. He speaks about the need for caregivers to build support systems and self-care, which are among the things he failed to do early on.

*My Two Elaines* will be available for purchase. Net proceeds from book sales are used to promote Alzheimer's caregiver support.
