The 5 Protective Factors:

1. Social and Emotional Competence of Children
2. Knowledge of Parenting and Child Development
3. Social Connections
4. Parental Resilience
5. Concrete Supports in Times of Need

As part of our mission to support families and healthy development of children, we are able to offer this 2-day training during which we will engage in a comprehensive discussion about the importance of bringing the Protective Factors to the forefront of the field of family support. You will leave with a renewed sense of purpose and enthusiasm for your work!

To register please contact Lauren Zach at 715-532-1523.
